SUMMARY

Motivated React Developer proficient in JavaScript (ES6+), React.js, Next.js, & Tailwind CSS with hands-on experience through personal projects and continuous learning .I am eager to join a team that values creativity, problem-solving,continuous learning & I am committed to delivering high quality work & building scalable,modern web application .

SKILLS

- React.js
- Next.js
- Redux.js
- Context API
- React Query
- Axios/Fetch API
- React Router

- JavaScript(ES6)
- TypeScript
- Tailwind CSS
- Bootstrap
- CSS3
- HTML5
- Forms Validation

- Dom Manipulation
- Responsive web-design
- Forms Validation
- Git & Github

PROJECTS

E-commerce Website (React.Js |Tailwind CSS | JavaScript | React Router | Context API)
- Built a fully responsive e-commerce website featuring product listing, product details, category filtering, add-to-cart functionality, and a clean modern UI.
- Implemented global state management with Context API and optimized UI performance with reusable React components. **[Repository Link]**

Blood Donation Website (React.Js |Tailwind CSS | JavaScript | React Router |LocalStorage | Typewriter Effect | Context API)
- Built a full-featured Blood Donation website allowing users to post blood requests and donors to respond.
- Built user-friendly interfaces with React and Tailwind CSS, using Context API for smooth state management and dynamic updates, ensuring responsive layouts and seamless navigation. **[Repository Link]**

My portfolio (React.js | Context Api | Tailwind CSS | Javascript | Typewriter Effect)
- Built a responsive personal portfolio to highlight skills, projects, and achievements.
- Implemented reusable components, interactive sections, and clean UI/UX to ensure a professional presentation across all devices.**[Repository Link]**

EXPERIENCE

Front-End Developer Intern — Krafton IT   June 2024 – October 2024

- Developed responsive and user-friendly interfaces using React, Next.js, JavaScript, HTML, CSS, and Tailwind CSS, ensuring consistent performance across devices.
- Supported the engineering team by resolving UI issues, enhancing user experience, and integrating APIs while writing clean, scalable, and maintainable code.

EDUCATION

B.Sc. in Computer Science and Engineering — Islamic University, Bangladesh (2019 – 2023)

- **Relevant Coursework:** OOP, DSA, OS, AI, System Design, Databases, Web Development, Computer Networks, Machine Learning.

ACHIEVEMENTS

- Built 5+ frontend projects using React.js & Tailwind CSS.
- Solved 50+ problems in JavaScript [**Leetcode**]
